

Dear C.A.Final Students,

Won't you like to learn from a man who taught FM to Mumbai for 25 years?

I think you did ! and suffered !!

any of you may not be aware that your low score in F.M. is not because of your inability but because of your faculties:

- ◆ Who have not done all topics, sub-topics fully and correctly with you
- ◆ Because of your classes, who have blindly commercialised, by taking 250 plus students in a batch.
- ◆ Your faculties, who never clarified your doubts, except with insults!
- ◆ No process or system is devised to tackle the questions of a particular topic. It is only problem solving done in front of you, without equipping yourselves with a weapon (process/system/concept) which can help you in case of any unknown or new question also
- ◆ For your information, 29 sub-topics are left uncovered and 2 things are wrongly covered by "25 years' experienced faculty." To know what they are and to cover them, contact 6744 4444 / 93201 86868 for "Free registration!"

Yours truly,
SSI Research Team

"Little wonder, why non-ranker SSI students have scored more in A/c + FM compared to all India 3rd from JKSC!!!"

THEN WHY ARE THERE, SO MANY MERIT RANKERS FROM THESE CLASSES?

JKSC highlight the result of only 9 students out of 2000 students and attract more students by overselling them.

Best students join because of heavy publicity. Because some classes having bright students has a tie up with JKSC and direct students to JKSC in lieu of commission!

THE PERFORMANCE OF A COACHING CLASS IS EVALUATED BY THE QUALITY OF COACHING ... AND NOT BY RESULTS OF LESS THAN HALF PERCENT OF STUDENTS !!!

What did the student complain?

poor teaching...un experienced professor at Andheri batch..

I have join Jk shah classes and have been victimized by the over advertisement & goodwill..

i want this to be circulated to all how are aspiring to be CA and joining J K Shah Classes...

Mostly students are afraid to complain, but still if somebody does , you know, what is the answer given?

"U loser!! Dont ever come to JK Shah if u don't have the level of knowledge & enough brains to match up the professors'.

I guess there is a problem with ur up bringing. Shahrukh sir once said... a person who can complain about his teachers is also the one who has no respect for his parents.

After hearing / reading this - WILL ANY BODY DARE TO COMPLAIN?

Ultimately students results are a function of their ability and efforts, specially in case of Bright Students!

AT SSI -

A) Students satisfaction and clarity of concepts are given maximum importance. What they say

What is SSI?

Only in one month I found the teachers at SSI quite dedicated and not rushing. It is fun and learning experience...

All the faculties at SSI are the best and have friendly nature. We will definitely reach our goal since both, faculties and students, are putting in best efforts...

B) Enrolling 50 students per batch (In no case exceeding 80) so that teachers have personal rapport with students.

C) 100% students doubts SOLVED.

D) Conceptual teaching leading to development of Special Method which guides the students as to how to approach and solve the Q in shortest possible time.

E) Educational environment against hardcore commercialisation!

- Experience the change for yourself. Just attend one lecture @ SSI

FINAL C.A. FRESH WEEK END BATCHES COMMENCING FROM 25TH SEPT. 2011

Looking at Best students, other students join. Looking at large crowd, many join thinking that so many people can't be fools! (But all think the same)

Some of the best students only 0.45% come in merit list. They can be in merit list even in other classes for Law, Audit, T. I.D.Tax without JKSC coaching. In fact many of them which JKSC does not teach or teach badly!
